玩家 1（Kain）获胜的故事：

Kain cleverly used the terrain to force his opponent into a dead end. At the critical moment, his attack was extremely accurate and penetrated Ash's defense. Ash fell down with respect and regret in his eyes, and Kain put away his weapon and walked to the end of the wasteland alone. The wind was still whistling in his ears, but this land could no longer witness their battle.

玩家 2（Ash）获胜的故事：

After patiently and calmly waiting, Ash found Kain's weakness. He launched a counterattack with lightning speed, as fast as a storm. Kain fell down helplessly, with a little unwillingness in his eyes, while Ash just watched him quietly, then put away his sword and left. The afterglow of the sunset sprinkled on the battlefield, as if drawing the final chapter of this battle.
